The Collection

Characteristic of the extendable version is the special extension system that allows the size of the table to be enlarged by simply sliding the top. Thanks to this system, the 210 cm top extends up to 294 cm, while the 250 cm top reaches 334 cm, thus adapting to different space and usage requirements. The extendable version is available with a glossy or satin lacquered finish in all the colours of the Gainsville's collection.

(Table) Assiale Piero Lissoni

Assiale is a table that stands out for its essential design, strongly distinctive presence, and contemporary character. It is offered in two versions: fixed and extendable. The table in the fixed version, in two sizes with a 250 cm and 294 cm top, is made of Levanto red marble that gives it a monumental appearance while maintaining the essentiality of the design.

The legs are available in black Marquinia and white Carrara marble, or oak wood in different finishes - light brushed, black brushed, grey - to match the top in extra light transparent glass. Isos is also available entirely in wood - top and legs in light brushed, black brushed or grey oak - for a solution that adds a touch of warmth and naturalness to the environment.

(Beds) Isos Piero Lissoni

HYSD-GC2430

The Isos table was born under the banner of transparency and visual lightness. What characterises it are the cylindrical legs, load-bearing elements that enjoy an elegant design detail: chisel-tipped, they are grafted to the top by means of a steel plate that lends solidity and style.

Dambodue proves to be surprisingly comfortable and cosy, while maintaining a seat with limited depth. The range includes the linear bed in two- or three-seater versions and a variety of elements to create different types of compositions.

HYSD-GC2429

(Bed)Dambodue Piero Lissoni

The Dambo bed family expands with Dambodue, a new version with a particularly generous shape and richly upholstered back and armrests. The seat is direct and rests on the floor, emphasised at the base by a bronzed nickel painted profile that gives it a particularly strong character. While presenting linear geometries, the design has been carefully studied to ensure comfort and functionality.

Allure O' Dot is a system of tables and small tables with lenticular shapes composed of five pieces in different sizes and heights. They are characterised by versatility and functionality, ideal as furnishing complements, or service elements. They boast a fresh, dynamic, and trendy design, characterised by the iconic shape of the tops and bases, which echo the distinctive design of the Allure O' tables, the refinement of materials, colours and the play of transparencies.

This fusion of the organic and the digital reflects the contemporary context of strong contradictions, where the classic merges with the futuristic, making Narinari a small armchair with a strongly distinctive character, a unique recognisable and presence in Gainsville's collection.

HYSD-GC2425

These pages in queste pagine Papilio bed letto

The integrated armrests, a hallmark of the designer, give the armchair a singular elegance and character. Upholstered in fabric or leather, with decorative stitching, it features extremely accurate finishes and details. The oak legs in various finishes - light brushed, black brushed, grey - lend a touch of naturalness and warmth to the overall design.

An island far away from dust shining steadfastly and steadily at night

Narinari is a small armchair with a very unusual shape, which catches the eye with its originality and innovation. A seat that embodies the talent of the young designers behind the project, the result of their first collaboration with Gainsville: Tiziano Guardini, with experience as a fashion designer, and Luigi Ciuffreda, known for his collaboration with various architecture and design studios. Upholstered in raw cut felt, with meticulous detailing and finishing, Narinari is reminiscent of a silhouette folded like origami, a seat with continuous shapes that derive from two surfaces that chase each other, defining volumes in a soft yet decisive manner.

HYSD-GC2422

Siena Naoto Fukasawa

Omoi is an armchair that stands out for its sinuous, enveloping shapes, which seem to flow like a pencil that keeps drawing in the space, transforming it almost into a moulded being. Inspired by the iconic Scandinavian design of the early 1950s and enriched by Naoto Fukasawa's unique style, Omoi is characterised by sober, sculptural lines, alternating soft curves with bolder lines. The name Omoi reflects the profound thought and relevance of this creation. Although not particularly tall, it is in fact designed for deep and important conversations rather than pure relaxation.

The bases in rigid lacquered polyurethane and the tops in smoky or transparent glass, both with central serigraphy, are the elements that give life to a transversal product, capable of adapting to multiple functions and uses. The result of Monica Armani's vision, combining taste, elegance and modernity in a single proposal, Allure O' Dot is available in three colours. The Flair O' Maxi small armchair echoes the design of the successful Flair O' chairs boasting bigger sizes for extra comfort.
